

 **BELL 525**
RELENTLESS

On a Mission.

Bell Helicopter®
A Textron Company

The Bell 525 Relentless, featuring the ARC Horizon® flight deck system, provides unparalleled crew situational awareness through the use of a fully-integrated flight deck coupled with an advanced fly-by-wire flight control system resulting in enhanced safety levels and mission capabilities.

THE ARC HORIZON® FLIGHT DECK

Taking operational safety to the next level

AWARENESS

Game-changing integrated flight deck providing exceptional situational awareness

REACTIVE

Proactive hazard interventions through high-bandwidth advanced capabilities

CONTROL

New standard for vehicle control in austere environments – precisely, safely, consistently

KEY FEATURES AND BENEFITS

- Best-in-class payload range capability to meet customers' future mission requirements
- Best-in-class cabin and cargo volumes coupled with flexible cabin layout options, ergonomics and ingress/egress solutions that create a best-in-class passenger experience
- Best-in-class crew visibility from wrap-around windscreens, providing a wide field of view during takeoff, cruise and landing, and excellent over-the-nose viewing
- Fly-by-wire flight controls provide the ability to operate demanding missions in austere environments safely and reliably, with decreased pilot workload
- State-of-the-art Garmin G5000H® avionics incorporating the first touchscreen glass flight deck designed for helicopters

TECHNICAL SPECIFICATIONS

SPEEDS at max gross wt		
Max Cruise	155 kts	287 km/h
